

FORTY BUSHELS AN ACRE IN THE KILLAM DISTRICT

C.P.R. and G.T.P. Crop Reports
Give Comprehensive Survey
of Province

SOUTH STILL SUFFERING

At Nanton Only Expect Feed for
Cattle—Little Hope at High
River

Calgary, July 12.—The crop reports received by the Canadian Pacific Railway show that the general condition is fair. In some places the crops are fine but again in other parts of the province they have been partially destroyed by the dry weather.

The crop at Alderley is fair, but requires rain badly. Light rains fell during the past week.

Fall Grains Out in Hand
Fall rains are out in hand at Carstairs and everything looks fine. Slight damage was done to fall wheat by hail. Three hours of rainfall helped the crops last week.

Hay is short at Didsbury. Otherwise the crops are good. At Olds the weather has been warm and fine and the crops have been benefited by the warm rain. The growing grain is in good condition and making good growth at Bonanza.

The weather has been very warm and rain fell for eight hours.

Crops Splendid at 'Scons
More rain in Splendora, but in Strathcona, the grain is in splendid condition. At Killam the wheat crop will probably be 25 to 30 bushels per acre. Rain fell for thirty-six hours last week. Crops are looking excellent at Sedgewick where the rain fell regularly last week.

The average yield of barley per acre will be 12 bushels; it is expected; of flax and of hay two tons, at Stettin.

The average height of grain at Estrie is twelve inches above the general condition of the crop is good.

At Custer 75 per cent. of hay has been cut to date. General prospects good. Showers have been frequent.

Grain All Burst Up
"Very little hope of any grain, all burst up," reads the report from Alderley.

At Okotoks rain is badly needed. Oats are 18 inches high and wheat and barley 12.

At High River the farmers have little hope for any kind of a crop. No rain fell last week and the crops are slowly drying up. The outlook is very poor.

Only Feed for Cattle
At Cayley the prospects are fair, but no more rain having fallen, but at Nanton the best that can be expected of the crops is feed for the cattle. At Staveley 8 per cent of the crop is destroyed and the weather is sultry.

Chesholm farmers expect a 50 per cent crop. A five hour rainfall improved conditions somewhat. Prospects are poor at Granum and over three quarters of the crop is destroyed.

At Bracco fall wheat is fair, but the hay is a failure. General conditions at Cowley are favorable. The expected yield is, wheat 20 bushels to the acre; oats 30, barley 35, flax 10, hay 1 ton. The rain fell last week and the prospects at Kippen are worse than ever.

At Millet at Seven hours rain fell and the weather is good growing. The outlook is better at Monahan through the lack of rain. Hay is short at Didsbury. At Daysland the grain is looking fine, but is short in some places. Heavy rains fell at Bawlf and the crops look good.

Grain is growing rapidly at Lacomb and prospects are good. Showers fell last week. There was ten hours rain fell at Penhold and the general indications are favorable.

Winnipeg, July 11.—The Grand Trunk Pacific Railway has issued a special crop report today as follows: Winnipeg to Rivers, 1st district, 142 miles.—Grain in the past period there has been considerable rain which has improved crop conditions materially. Rivers to Melville, and district, 137.1

STRUCK DEAD BESIDE GRAVE OF FRIEND

Man Was Lowering Body Into
Grave When He Was Struck
by Lightning

Chatham, July 12.—Walter White while engaged in lowering the body of a friend, D. Barksdale, into a grave was struck by lightning and instantly killed near Tyler, yesterday. Several others of the funeral party were stunned.

HIGHLANDERS TO COME TO ALBERTA

Duke of Sutherland Planning to
Bring Hundreds of Them
Here

To ARRANGE WITH C. P. R.
Think Canadian Rockies More
Attractive Than Alps of
Switzerland

Calgary, July 12.—Interviewed here last night, the Duke of Sutherland admitted that he was completing plans for bringing hundreds of farmers from the highlands of Scotland to locate in Alberta, but declined to go into details as he has yet to consult the principal officers of the C.P.R.

He has just returned from a visit to Banff and Lake Louise and prophesies that the Canadian Rockies will soon become the Mecca for Alpine climbers and tourists, as they are decidedly more attractive than the Alps of Switzerland.

WAS IT THE NAME SHE DIDN'T LIKE?

A near-momentous elopement in humble life has completely disturbed the equanimity of Stefan Tkaz, a Galician, whose home is in the Stoney Plain district. This lady had been of an agreeable nature between Tkaz and his spouse for some time, on account of her affections having been alienated by a rival countryman, and when Stefan came to Edmonton for a brief visit a few days ago, the affair culminated in a runaway.

Tkaz, blissfully unconscious of the sudden turn of affairs, after enjoying himself after his own fashion, returned to his home to find the place vacant.

He called his wife. No answer. He called each of his four children by name. Still no reply.

Tkaz hereupon became suspicious. On examination he found that not only had his wife and four children disappeared, but that everything that was not nailed down had also been carried away. Then he felt his angry passions rise, and started an investigation. Armed with information supplied to him by his neighbors, Stefan applied to the mounted police for assistance. The police have a clue as to the whereabouts of the eloping couple and also as to the identity of the man, and are after them now.

Stefan estimates that \$500 worth of goods are missing.

NARROW ESCAPE OF ENGLISH DUKE

Duke of Westminster: Nearly
Drowned While Experimenting
in Hydroplane

London, July 12.—The Duke of Westminster had a narrow escape from drowning yesterday through the capsizing of his hydroplane in which he and three others were practicing off Cowes, the Isle of Wight.

The hydroplane was only completed Saturday and is capable of going 35 miles an hour. The accident occurred a mile from shore in deep water. The duke was steering and attempted to turn too sharply when the hydroplane keeled over, taking water over the stern until he was caulked. The duke and three others were practicing off Cowes, the Isle of Wight.

The duke was steering and attempted to turn too sharply when the hydroplane keeled over, taking water over the stern until he was caulked. The duke and three others were practicing off Cowes, the Isle of Wight.

ORANGEMEN CELEBRATING

Thousands in Big Procession
This Morning March to
Groat Estate

'PRINCE' ON WHITE HORSE
Karki Suit and Black Top
Boots

At 11 a.m. promptly, the Orange procession left the Mechanics hall for their meeting and started on their lengthy and somewhat roundabout march to the Groat estate where there will be a series of speeches, sports and music.

The procession was a long one, headed by the higher officials and the Prince of Orange mounted on the proverbial white horse. The Prince on this occasion was represented by a gentleman with a flowing ginger wig and a soft Stetson hat, a black colored coat and black knee boots, who looked very imposing on his big white charger.

Next in order came the citizens band, playing a stirring march, after which came the Edmonton Orange Lodge, carrying their large banner with "No surrender" on it, before them, and just behind the Union Jack which followed the Citizen's band.

The visiting lodges came next, Saskatchewan Lodge, Strathcona Lodge, and the Wetaskiwin Lodge with four young ladies in white, holding the supporting strings of their banner, which was preceded by the Wetaskiwin band.

The procession stretched from the Cecil Hotel to First street in length and must have included several thousand Orangemen, all decked out in flowing regalia, stars, medals, ribbons and orders, the chief marshal bringing up the rear with drawn sword.

On arrival at the Groat estate, refreshments were served by the Ladies Aid of the Westminster Presbyterian Church after which a series of speeches were delivered, punctuated by selections by the bands in attendance. Amongst the speakers are Mayor Lee, Rev. R. Pearson, Rev. J. E. Duchs and Brother Rev. H. E. Gordon.

A varied programme of sports have been arranged for. A baseball match between Wetaskiwin and Edmonton will be played and a foot race for both ladies and gentlemen are provided for.

At 6 p.m. the National Anthem will be played by the massed bands and the proceedings will come to an end.

WHEN THE PREMIER VISITS CALGARY

Program Has Been Arranged for
Entertaining Sir Wilfred
and Party

(Special to The Capital)
Calgary, July 12.—At a meeting of the reception committee of the Liberal club executive a preliminary programme was introduced for the reception of Sir Wilfred Laurier and his party when they arrive in Calgary. The party will arrive in Calgary at 1:40 p.m. Friday, August 12th. They will be met at the station by citizens and will be taken to the Braemar Lodge, where they will stay. At 6:30 Friday evening Sir McDonald will be the guest of the Maritime Province association of Calgary.

Public Reception
On Friday evening there will be a band concert and a public reception to the Premier and party, in one of the city parks.

On Saturday at 12:30 Hon. Mr. Graham will address the Canadian Club. In the evening Sir Wilfred Laurier will address the people of Calgary at Sherman's rink, which can be made to accommodate 8,000 people.

Sir Wilfred Laurier will probably be in attendance at the Maritime Province meeting and the Canadian Club luncheon, though he will probably not speak at either.

X-RAY PIONEER DEAD.
London, July 12.—Harry Cox, pioneer X-ray investigator, is dead at the age of 46. He contracted X-ray dermatitis twelve years ago and it eventually caused his death.

ANOTHER DISMISSED

Investigation Into Government Printing Bureau Continues

Ottawa, July 12.—It is learned that another employee of the government printing bureau has been dismissed and one suspended for three months.

This action was taken in conjunction with the announcement of the retirement of McMahon as superintendent of printing has again stirred up interest in the situation at the bureau.

SOME WONDERFUL SHOTS AT BISLEY

Two Possibles Made in the Prince
of Wales Match Yesterday

SERGT. McHARG IS SECOND
Year Than Last — Great
Scores Being Made

Bisley, July 12.—The man with the right to count himself the most deeply disappointed man in camp last night was Captain McElarg of Vancouver. The Prince of Wales' prize, next to the King's is the most valuable and most coveted of Bisley honors. It was competed for today. At 300 yard range Captain McElarg put on a possible score of 84, while Captain Gordon, who is a young Jewish lawyer, put three years in the city. Another surprise is Deloraine, where Dr. Thornton, one of the Liberal leaders, defeated by 25. So did four other Canadians, but McElarg did better. He followed it up with another at the 600 yards range, making his match score a possible. And it failed to win the two pounds offered by the Prince of Wales, for Sergeant Waddingford also made a possible.

Were Tie for First
Under the rules, ties in this match are decided by counting out, and in this instance it meant: ascertaining "centres." It was here that Waddingford showed up best and Captain McElarg had to be content with second place.

Last year Sergeant Blackburn of Winnipeg won this great prize with a score of 84, while Captain Forest of Vancouver was third with 83.

Shooting Keen This Year
How much keener shooting is this year may be gathered from the fact that in addition to McElarg's possible; Canadian today put in two 84's, three 83's, three 28's, two 81's and ten out of the twenty-five Canadians competing in this match would have come into the prize list last year. This has not yet been posted, but it will not be strange if the 84's are counted out. The Prince of Wales brings forward the elite of the shooting men at Bisley, for it allows only four 80's. Notwithstanding this limitation, only one of the Canadians shooting was ineligible for the match.

Canadians' Scores
The scores of the Canadians at 600 yards were: McElarg 60, Crowe 49, Steele 49, McInnes 49, Russell 49, Richardson 48, Eastwood 48, Bayles 48.

Canadian Won Trophy
The firing of the Alexandrines concluded the matches in the all-comer aggregate, the prize list of which will be posted today. A handsome trophy was won by Sergeant Richardson of Victoria with a score of 167 out of a possible 175. This year 167 will be far down in the list. In fact a phenomenal has been the shooting that it is doubtful if 167 will be numbered among the fifty who will receive the N.R.A. bronze badges. There are no less than three Canadians with scores of 171 out of a possible 175. Private Steele, Captain Crowe and Sergeant Richardson, that of Private Steele being the best, as he has 60 at the 600 yard range. Steele will certainly be well up in this aggregate if he does not win it, for he finished 36th in the Stock Exchange and tenth in the Alexandra last year when Sergeant Richardson won, he was 54th in the Exchange and 13th in the Stock Exchange.

In addition to the three Canadians mentioned above there are four others with scores better than last year's winning scores.

CALLIES A. AND B. PRACTICE
A special practice of the above teams will be held on Tuesday and Thursday of this week, on the Exhibition grounds. It is imperative that all players turn out for practice.

CONSERVATIVE GOVERNMENT IS SUSTAINED IN MANITOBA

Standing of the Parties Will be Practically Same as in the Last Legislature.

(Special to The Capital)
Winnipeg, July 12.—Final results received this morning go to show that the standing of the parties in the new Manitoba Legislature will be practically identical to the last, which was 28 Conservatives to 13 Liberals. When belated polls arrive, which may not be for a day or so, as they are in the northern ridings, it may make a slight change, but not enough to effect the standing of the government. About the only doubtful polls left are Swan River and Russell, and the former is now practically assured for the Liberal column, and the latter for the Conservatives.

Both Sides Gain Seats
Both sides gained five seats. The Liberals gained Lakeside, Minnedosa, Lacombe, Winnipeg North, and Swan River. The Conservatives gained Arthur, Gimli, Dauphin, Emerson, and Deloraine. The surprise of the campaign was Winnipeg—north, where a Conservative victory was conceded by the Liberal Heart of Canada. Deloraine is a young Jewish lawyer, but three years in the city. Another surprise is Deloraine, where Dr. Thornton, one of the Liberal leaders, defeated by 25. So did four other Canadians, but McElarg did better. He followed it up with another at the 600 yards range, making his match score a possible. And it failed to win the two pounds offered by the Prince of Wales, for Sergeant Waddingford also made a possible.

Premier Roblin Elated
Premier Roblin was elated over his majority of 4-2 in Dufferin over Prof. Osborn. R. A. Bomar, the editor of the grain growers' association who ran in Assiniboia as an independent, lost his deposit.

Roblin's Statement
Hon. R. Roblin made the following statement to your correspondent this morning: "I consider the result of the election a vindication of the attitude the government has assumed on questions of public policy, especially so in regard to the boundary and government elevators. The government feels now that the people are behind in the demand for equality with Saskatchewan and Alberta, and we therefore insist on the recognition of that principle in any settlement that may be made as to terms."

Standing of the Parties.
The following is the standing: Conservatives: Arthur, Assiniboia, Avonlea, Brandon, Cypress, Dauphin, Deloraine, Dufferin, Emerson, Gilbert Plains, Gimli, Hanover, Killarney, Manitoba, Morris, Norfolk, Portage, Rockwood, Russell, St. Boniface, South Brandon, Turtle Mountain, Virden, Winnipeg Centre, and Winnipeg South—total 28.

Liberals: Birtle, Glaston, Lakeside, Lansdowne, La Verandry, Morden, Mountain, Rhineland, Springfield, Swan River, Winnipeg—West, Winnipeg North, and Minnedosa—total 13.

Will G.T.P. Build Station
ON SIXTEENTH STREET SITE?

Is the Grand Trunk Pacific going to build a station independent of the C. N. R.?

Such as last is the rumor, and a very persistent one it is, too, that is going around town this morning. It is the effect that the G.T.P. will build a station either on Sixteenth street or on the property between Isabella and Clarke streets.

This is rather a new idea, if the story is true, for so far the C.N.R. and the G.T.P. have been planning to have a union station.

On the other hand, a rumor, not even denied at the company's local offices, is to the effect that the Canadian Pacific Railway will join with the other two companies in the erection of one central union station.

The Capital investigated these rumors this morning, but no information was forthcoming from the different offices of the railroads. In each case the men interviewed had heard of the rumors, but had no definite advice to hand.

The story of the union station seems to be the most popular of the three, but in some places the belief is expressed that the federal railway commission will have the authority to say what will be done.

It is hardly likely that the G.T.P. would build a station on Sixteenth street because of the fact that it would tend to make the road a smaller factor in competition.

The property situated between Isabella street and Clark street is already owned by the G.T.P., they having paid \$100,000 for it last year. That fact probably gives rise to the rumor that the company would build a station on the site.

The company's intentions are to build a way freight station there to handle that part of the business, in the event of the construction of the union station.

COMMISSIONERS MAKE AN OFFER TO POWER COMPANY

The Board of Commissioners have made an offer to Mr. M. W. Eager, of the Edmonton Heat and Power Company, of \$20 per horse power per annum for power. The matter will come before the council this evening, and it is understood that if the offer is ratified, the power company will agree to it.

When the proposition was first laid before the council, the offer of the company in brief was to sell the city 6,000 horse-power at \$15 per horse-power per annum and an additional 4,000 if it is found necessary, at \$25.

Mr. Eager, solicitor for the company, was present and maintained that the figures submitted were very much lower than the present cost of production at the power house. The cost this year, said Mr. Eager, is at least \$60, while last year it was \$86.

Mr. Eager showed what Winnipeg and Calgary were paying on a sliding scale for power. It cost the former city \$35 to \$50, while Calgary was entering an agreement to pay \$35 per horse-power.

In regard to an auxiliary plant, Mr. Eager did not say what guarantee the company would give that one would be established. He said that the matter had not been considered, as other cities, such as Calgary and Toronto, had no such plants.

ROLLES KILLED IN HIS BIPLANE

Bournemouth, England, July 12.—Hon. S. C. Rolles, son of Lord Lingate, the hero of the recent channel flight from Dover to France, was killed this morning by a fall while flying with his Wright biplane. The machine suddenly buckled up, while forty feet from the ground, was overturned, and the young aviator was dashed to the earth.

MARRIED TWO DAYS, SUICIDE

Wetaskiwin, July 12.—One day after he was married Elias Park, a Finlander aged 45, committed suicide by hanging himself at his home twenty miles west of Wetaskiwin late Saturday. Park was married on Friday to a Mary Guest, a young woman 25 years of age. No reason can be given for the strange act and the coroner's jury this morning brought in a verdict of self-inflicted death caused by strangulation from a rope around the neck. The verdict added that in the opinion of the jury the man was temporarily insane when he committed the deed.

ESKIMOS SHUT OUT REGINA, DELLAR AND GRADY SHONE

Score was 8 to Nil and Game was Just as One Sided as the Score—Dellar was Hurt.

The opening game of Division No. 2, was played at Diamond park last evening before 1000 people and resulted in an easy victory for the Eskimos by 8 to 0.

Skeels was in the box for Regina to start off, and made a poor first of things. A base on balls started proceedings, an error helped matters along and several hits brought forth the deluge. The Bonspielers in field went up with the birds and when the smoke following the first three innings had cleared away, the Eskimos had eight runs to the visitors' nil.

Dellar pitched the first three innings and held the visitors to nil, never being in danger of being scored upon. When batting in the third, a swift shooter from the erratic R. Skeels gave him a nasty crack on the elbow, and rather than take any chances he retired from the game. Jack Grady took up the slack work and steamed them over in fine style. In the five innings he worked, Jack did not allow a hit or a run.

Roxy yanked Skeels at the end of the third and went into the box with the same result as Grady. However the Eskimos had a nice safe lead and so could afford to take things easy. Regina presented some new faces in the infield and the newcomers did not do any too well. Boots were a common occurrence and may have had a great deal to do in misleading Skeels.

The game was played under protest. Roxy claiming that Mills should not be allowed to score from first on an overthrow into the roped off section of the grounds. As Mills was at second before the fielder threw the ball, it doesn't look as if Roxy had a leg to stand on.

Umpire Ferguson officiated and suited the critical fans very well.

Slaughter House Notes

Letcher singled in the first, after Hoffman and Donovan had grounded, but was caught between first and second.

Mills walked and Baxter laid down a bunt, which Gurney fielded perfectly and proceeded to fling to the far corner of the grounds. Mills scored and Baxter was held at second. Roxy claimed that Mills should have thrown the ball but Pery saw differently. Hence the protest. Morse fanned and Luss was safe on Hoffman's slip, Baxter scoring.

Spencer singled to left and Quigley walked. With last full Brown and Cox forced Luss and Quigley out at home and third by infield grounders. Two runs.

McIntosh made a scratch double in the corner when Chesley tried to make an impudic catch instead of playing the ball safe. Mac remained at second while his teammates were easily disposed of.

A Busy Spasm

Skeels started the second by fanning Dellar and walking Mills and Baxter. Morse hit safely and the bases were full. Gurney then shipped

LUCKY TOM FLANAGAN

Surely an emerald star was shining in the heavens one summer night two years ago when Jack Johnson, the new heavyweight champion of the world, arrived in Toronto to fill an engagement at the Grand. He was greeted on his arrival by a boniface prominent in the local sporting world who was looking after his Canadian interests. Though outwardly pleased the latter was inwardly perplexed. He was like the man in the song with the elephant on his hands, and what to do with the black pugilist puzzled him.

He didn't want to take him to his own hotel, and on the spur of the moment decided to take Johnson around to Flanagan's hostelry, where his troubles were speedily settled. Tom was there with the "glad hand" and a smile that rivaled the golden glow that irradiated the visage of the ebony marvel and Johnson was made right at home. He never forgot the treat time that was accorded him every time he visited Toronto. He made Flanagan's place his headquarters. When he started train-

BLATANT BILL, THE GASSER

Loads the Albertan Man With Con Talk—It Takes More Than Bluff to Win Division II.

On returning to Calgary, Carney reluctantly gave an interview to the Albertan. We reproduce below, some of the funny parts:

Happy in the thought that his men had returned from an arduous campaign on the road still securely in the leading position in the league, Manager Bill Carney returned to Calgary last night from Edmonton with his team. The series with Edmonton was the only one of the trip in which the Calgary team lost; more games than they won, but at that Manager Carney is satisfied that he has a better team than Deacon White has gathered.

"The only drawback about this new idea of dividing the schedule and starting over again on a second schedule," Mr. Carney said, "is that at the finish we'll have to sign five more men."

"How's that?" he was asked.

"Oh, it's just this way," explained the boss of the champions of the first schedule, "we're going to win the second division, too, and then we'll have to play off with ourselves and now we have only thirteen players and to get two teams we'll have to secure five new men."

"There's one thing that should be guarded against," said the baseball-wise Mr. Carney, "that is, at the close of the season, in the event of any other team winning the second schedule, which I don't think will happen, neither team should be allowed to sign any man who has not been a member of the team for thirty days in the final series. Why, one team could bring in a whole National League outfit if they wanted to and a rule like this would guard against that."

"What was I finally further ahead in the second schedule than we were in the first," Mr. Carney's parting words were, "and we'll trim Edmonton to a finish."

So, watch out, Deacon!

THE AFTERMATH

A statistician at the ringside figured that during the 15 rounds Johnson landed 77 telling blows, while Jeffries only landed 24, distributed as follows:

Face (not otherwise specified) 3
Jaw 3
Neck 2
Nose 2
Mouth 1
Body (not otherwise specified) 13
Head 4
Shoulder 1
Grand total 24
Total rights 18
Total lefts 6
Johnson alone was credited with upwards of 90 of his total blows being of this variety. In the last round the expert reporters at the ringside tallied 7 blows to the jaw struck by Johnson—Jeffries delivering none.

JOHNSON AND GOTCH

Chicago, July 12.—When told that Frank Gotch, the wrestler, would seek a match with him, Jack Johnson, the pugilist, said yesterday before his departure for New York, if Gotch wanted to do business with him he would have to put up some money, as he did not want to let anybody get free advertising.

BILL CARNEY SPEAKS

Manager Carney, speaking from Edmonton, yesterday morning, said that his team of Rough Riders were by no means discouraged over the victories Edmonton have won. He says the boys have had a hard run of luck and the umpire has been giving them the short end of every deal. There is a grumance in the tone of his voice when he mentioned the return series the Deacon's men will play here which bodes ill for the Eskimos. That the team have been playing below their standard is evidenced by the number of hits and the fewer number of corresponding runs. There must have been slow base running—Albertan.

SACRIFICE HITS

Quigley and Morse pulled off a neat double play in the sixth.

Not a Bonspiel got past second base during the game. Walters made a dash for third in the sixth, but the double play finished him.

Calgary is certainly lucky. Outbit by 9 to 6, uses a double battery and still wins by 4 to 3.

Edmonton now leads the Western Canada League and there is no reason why the Eskimos shouldn't stay at the top.

Last evening's game was Dellar's thirteenth victory. He has lost only one game and that was in Regina. Grady relieved him on another occasion and saved the day.

Mills was at bat twice and scored three runs. Bases on balls are handy things.

Stub Spencer was separated from five simoleons last evening for raising a kick when called out at the plate. Stub looked so murderous that the fans simply roared.

Slim Dell reclining in the sun among the rhubarb made a picture no artist could paint. Cruel Umpire Ferguson removed the attractive piece of scenery.

Roxy Walters says he has sold Skeels to Detroit for \$1200. Dell would be worth \$12000 to Jennings on that scale of prices.

Manager-pitchers Walters and Carney seem to meet with more success against the Eskimos than do the regular opposing slammers. Roxy wanted to have the ball that he pitched his no-hit, no-run game, framed.

Brennan and Quigley made errors which had no result on the final outcome.

Jack Grady was steaming them over for fair. The visitors didn't come anywhere near getting a safe hit of his delivery.

Defeats are coming quick often to Mr. Heinrich. We are laying for him. Nibs.

McIntosh, the Regina catcher, went into the game badly crippled and got a lot more hard knocks. He is certainly working under difficulties.

Least there be any mistake about Bowers' Golf' nationality, he wears an American flag on his sleeve.

How quiet Windy Bell Donovan has become. Defeat seems to have taken all the pepper out of him.

Game is called tonight at 6. This seems slightly early for the first night in July. The time is changed for tonight only.

Yesterday was a good day for the Alberta teams. All four had victories to start the new division.

JOHNSON WILL RETIRE

Chicago, Ill., July 12.—"I could have dragged down \$150,000 for my end in the battle with Jeffries at Reno last Monday had I agreed to throw the fight, but no amount of coin is ever enough to induce me to figure in a shady deal so long as I am in the ring. I intend to retire and nobody will ever accuse me of pulling off a crooked fight." In a speech in a local theatre last night Jack Johnson made the above statement.

BILL CARNEY SPEAKS

Manager Carney, speaking from Edmonton, yesterday morning, said that his team of Rough Riders were by no means discouraged over the victories Edmonton have won. He says the boys have had a hard run of luck and the umpire has been giving them the short end of every deal. There is a grumance in the tone of his voice when he mentioned the return series the Deacon's men will play here which bodes ill for the Eskimos. That the team have been playing below their standard is evidenced by the number of hits and the fewer number of corresponding runs. There must have been slow base running—Albertan.

KETCHELL'S MOTHER A FIGHTER

Creates Discord in a Detroit Residence by Attacking Innates

Detroit, Mich., July 12.—Mrs. Julia Ketchell, mother of Stanley Ketchell, was complained of in the police court today for assault and battery. The complainant is Albert Wagner. Both parties reside at 252 Seventeenth street. The row started yesterday over the Jeffries-Johnson fight. Wagner made some remarks at which the mother of the middleweight champion took offense. He insisted that Stanley could not have done better than Jeffries did. After the dispute the old lady is alleged to have entered the Wagner premises, grabbed the Wagner dishes, and broken them on the Wagner heads. She must now appear in the police court.

CULTIVATION SAVES CROP

Hon. Duncan Marshall Has Returned From the South

Hon. Duncan Marshall, Minister of Agriculture, has returned from Calgary, where he has been attending the exhibition. He reports that crop conditions between here and Calgary are very good. While in Calgary he observed the cotton in the southern districts the dry weather has had a very deteriorating effect yet in places where cultivation had been carried on in a proper way the crops are in good condition. Hon. Mr. Marshall stated that crop cultivation would go a long way in warding off the ill effect of a drought.

CALEDONIAN A.A.A.

The regular quarterly meeting of the Caledonian Amateur Athletic Association will be held in the Separate School Hall on Thursday, 14th, at 8.30, when a large attendance is requested.

Y.M.C.A. BEAT HIBERNIANS, THE FINAL SCORE WAS 2--0

Winners Played Two Men Short But Had all the Better of the Match—No Score in Second Half.

With only nine men on the field yesterday evening the Y.M.C.A. played the game of the season, beating the Hibernians by two goals to nil. The Irishmen seemed to be suffering from a disease which is known in Ireland as "inertia Hibernica," which being interpreted means a disinclination to move around, during the first half; but towards the end they changed over and started in to play a hard and fast game.

The Y's won the toss, and the Irishmen had to play in the face of the sun. The game started with a rush by the Hibernians which terminated in a close shot for goal by Martin, which was neatly saved by Hardisty. The Y's then gained possession of the ball and after some smart work by the forwards who took the ball the whole way up the field, succeeded in scoring a goal. After the kick off the Y's again pressed and Grant had a good shot at goal which just missed, hitting the top bar. For the rest of the first half the Y's continued to press their opponents and another shot at goal by Grant caught the Irish goalkeeper in the small of the back, the second shot rebounding off the side post. Shortly after the Y's again rushed and Clark landed a neat goal.

It was about this time that Pat of the Hibernians came into view. In a certain corner of the ground there lies a muddy pool and Pat, in the excitement of the contest got pushed flat into it. This aroused Pat's ire, and selecting a handful of the mudiest mud that he could find, with accurate aim he nearly disposed of it on the back of his opponent's neck—there nearly was a fight—but not quite. When the referee had made peace and the game was started again the whistle went for half time, leaving the score at Y.M.C.A. 2, Hibernians, nothing.

The Second Half

The opening of the second half was anybody's game until the Y.M.C.A. began to rush, but were penalized for offside. The Irishmen then proceeded to wake up and their opponents had a hard time keeping them out of their goal until the tension was cleared by Shaw.

The Hibernians continued to play a good game until the end, but most of the time were outclassed by their opponents who did so in spite of the fact that they were two men short, and the whistle blew for time with the Y.M.C.A. still leading by two goals.

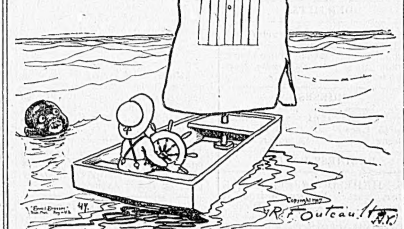

TEMPERANCE LEAGUE MEETING

Another successful meeting was held at 10 o'clock on Sunday afternoon at the Orpheum Theatre under the auspices of the local Alberta Temperance and Moral Reform League. The large audience present showed their appreciation of the pictures, which were of a religious character, depicting the well known stories of "David and Goliath," and "Jerusalem in the Time of Christ." Appropriate music was rendered by Mr. Harold P. Brown who sang in good style the "Holy City." This popular song was brought before the audience in an attractive manner by the aid of illustrated slides.

EVANGELISTS WIFE DEAD

Mrs. Julia F. Lowe Dies From Gas Poisoning

Philadelphia, July 11.—Mrs. Julia Francis Lowe, wife of John J. Lowe, well known evangelist, was found dead in a gas filled room at her home today by her husband on his return from a tour in New England.

**'NORTH POLE' COOK
NOW IN THE ANDES**

Dr. Frederick A. Found in Hiding in South American Mountains

New York, July 11.—Another traveller has come back from South America with tales of the vanished polar explorer, Dr. Frederick A. Cook. This time, it is Dr. Robert Kelley, of Philadelphia, and he brings a photograph to prove his tale. Dr. Cook shows in the print, wearing a long raincoat, a golf cap and without the moustache he had when he toured the country giving lectures. Dr. Kelley

did not succeed in interviewing Dr. Cook. "The Doctor keeps very much to himself," he explained, "and avoids Americans whenever possible. He is living in Cumbre, 12,800 feet up in the Chilean Andes. I believe he will stay there until he can come back with some sort of proofs."

HARBOTTLE FREE

Kingston, July 12.—After serving six months of a four-year sentence, Captain Conis Harbottle was released on parole from Kingston penitentiary today, and left by boat for Toronto.

This is the season of the year for thin clothes. You'll find them at Kelly & Moore's.

**TO HAVE BRANCH
DOWN IN CALGARY**

Edmonton Board of Trade Decides to Extend Their Operations

TO COUNTERACT REPORTS

Will Show That Crops in North Alberta Are Not At All Affected

The experiment of the board of trade in holding their regular monthly meetings during the noon hour in conjunction with a business men's lunch has proved an unqualified success, and it is likely that the venture will be made permanent. At today's meeting there were about forty present which is far above the usual average. Luncheon was served in the King Edward Hotel at one o'clock and a half an hour later transaction of business was begun in the board rooms adjoining the hotel.

Southern Envy

An important statement was made by President McGeorge, in the course of a discussion on the action of the southern people in spreading broadcast an idea that the poor crop conditions in the south are general throughout the province. President McGeorge stated that in view of the fact the secretary of the board had made arrangements for the opening of a branch office of the board in Calgary. They also intended to appoint one or two travelling agents who will be instructed to divert the course of incoming settlers to the north and to convince them that conditions up here are ideal. The secretary had also got into communication with the Minister of Agriculture, with a view of asking assistance in advertising the north, with the result that reading matter, published in numerous forms, will soon be ready for distribution throughout Great Britain, the United States, and also other parts of Canada. The announcement was also made that beginning Thursday, several automobile trips into the country under the auspices of the board will be held. Several journalists will be in attendance besides experts of the Department of Agriculture. The tour will be about 100 miles in extent, and information concerning the various districts traversed will be secured.

Mr. Fisher stated that he had received no assurance that the night

train service between Strathcona and Calgary would be made permanent, which left the matter of a mail service in connection still in abeyance. A letter was received from the secretary of the railway commission stating that the commission would hold sittings here on September 19th. It stated that the application of the board of trade in connection with new freight schedule on the C. N. R. between Edmonton and the east, would be considered.

Regarding the business men's trip the committee appointed to look into the matter reported that the G. T. P. said it would be impossible to entertain the proposition, as the equipment that they would require was now being used on the Winnipeg-Edmonton service. On the matter being taken to headquarters, a suggestion was received that the trip be postponed until the latter end of September. The C. N. R. stated that they were unable to consider it. The action of the railroads has given the proposition a knock-out blow so far as the present is concerned.

**DEMONSTRATIONS
ARE TO STOP SOON**

Electric Light Department to Leave This Field to the Retailers

The demonstrating room in connection with the electric light department, which has been in existence since the beginning of April, for the purpose of instructing the public in the uses and cost of electric lighting apparatus will be closed on or about August 15th. After that the local dealers will have the monopoly of the domestic utilities business. The demonstrating room has proved a boon rather than a stumbling block in the way of the dealers in that it has satisfied the public of the usefulness of the apparatus shown and has brought to their attention its cheapness and many other advantages.

In the last seven months the deficit of \$16,871.92 which was on the books of the electric light department at the end of 1909 has been wiped out and if the present prosperity is a criterion for what may be expected in the near future a surplus at the end of 1910 is a certainty. The financial year in the light and power department begins in November and ends in October.

**ASK THAT OATH
BE NOT CHANGED**

25,000 Canadians Have Signed a Petition to That Effect

HON. S. H. BLAKE WRITES

Says That Oath Should Remain Until Rome Revokes Her Own Curses

London, July 12.—In reference to the King's declaration in the coronation oath, organizers of the opposition here have received several expressions of opinion from Canada. Hon. S. H. Blake writes that England is making history, and to keep profane hands absolutely off the coronation oath until Rome cancels her curses herself and grants what she demands, namely world wide religious liberty. Dr. T. S. Spradale, Grand Master of British North America, says that 300,000 Orangemen and hundreds of thousands of Protestants in Canada are heartily in sympathy with "P. Love-locks" who sends a protest. A petition against the alteration of the oath, signed by 25,000 Canadians, has been received.

**ANGLO-SAXONS AND
GERMANS TO UNITE**

May Form League Against Russo-Japanese Exclusion Treaty in Manchuria

Berlin, July 12.—Signs are beginning to manifest themselves in the German press of a growing belief that Great Britain, the United States and Germany may be forced to league themselves together in protest against the Russo-Japanese exclusion treaty in Manchuria. For the past few days the German press has rather conspicuously labored to point out that the agreement deals a blow exclusively to American interests in the far East. Now it is beginning to be realized that the shoe is intended to pinch the fatherland and to interfere with its ambitious hopes in trade with the Orient.

About Town

The W.C.T.U. will meet as usual tomorrow afternoon at 3 o'clock in the parlors of the Y.W.C.A. on Third Street. Mr. G. W. Knox will give an address on the subject "Work Among the Children." A large attendance is desired.

The report of the Royal Commission on the Alberta act. Great Waterways according to Judge Beck will not be ready until the early part of next week, the exact time could not be specified owing to the report being in an insufficiently advanced state at present. The report will then be handed to the Lieutenant-Governor who will then submit it to the legislature. The report will take some time to prepare as the evidence consisted of over three thousand pages of closely typewritten matter.

Dr. Felix Willey, well known throughout the Western States as a mind reader and hypnotist is spending his vacation in Edmonton. He will remain in the city until September when he will leave for the Eastern States, where he has contracted to tour for the Orpheum circuit. During his sojourn in the city, Dr. Willey will probably give an exhibition of his powers.

The band of the 101st Fusiliers will give the usual open-air concert at the College avenue bandstand tonight at 8.30, when a programme of popular music will be discoursed.

C.N.R. HAVE FILLED STRIKERS' PLACES

Lots of Men Wanting Work Says Official—Both Sides Quiet Yet

Superintendent Brown, of the C. N. R., had very little more to say about the strike this morning. Things were just the same, he said. No change in the position of the men and none in that of the company; but the trains were still running in perfect order and up to schedule.

Mr. Brown said as a precautionary measure a few extra police had been patrolling near the depot, but that it was not necessary to say that the yards were under police protection as has been mentioned in some of the newspapers.

The railway company have hired sufficient men to fill the places of the strikers and Mr. Brown says that there is plenty of labor to be had and any number of men could be hired if they were needed.

The strikers are still maintaining patrols at the yards but have never interfered with anyone or caused any disturbance. They have not received any word from the headquarters of their organization as to when the strike will end, nor have they approached the superintendent on the matter.

MORE FOREST FIRES.

WILL SUE THE CITY, NO DOUBT OF THAT

Solicitor for Late Building Inspector Is Sure of That Much

OTHER SUITS PENDING

Commissioners Spend Yesterday Discussing Claims Against the City

"The lawsuit will unquestionably go through," was what Mr. McKinnon, of McKinnon and Cogswell, said to a Capital reporter this morning when he stepped round to acquaint what Mr. McKinnon thought of the decision of the commissioners last evening with regard to the dismissal of Mr. T. D. McKinnon, the late building inspector.

Mr. McKinnon said that he had not had time to thoroughly go into the matter, but that the suit would most certainly be brought against the city for damages for improper dismissal, and the case will come up at the next session of the Supreme Court.

No fewer than four threatened lawsuits were considered by the city commissioners at their meeting yesterday afternoon. One of these was the case of former Building Inspector McKinnon, who is trying to obtain satisfaction for wrongful dismissal. However, from a letter which was received from City Solicitor Bown, it appears that Mr. McKinnon hasn't any grounds on which to base his suit.

Mr. Bown stated that McKinnon held office at the pleasure of the commissioners, on the authority of the council and that they had the power to dismiss or retain any official they pleased. He said further that the commissioners had the authority to dismiss Mr. McKinnon at any time with or without reason.

In conclusion, Mr. Bown suggested that the commissioners report the dismissal to the council and ask for a resolution confirming the dismissal, which, he said, would put the matter beyond dispute.

Wants a Test Case. Commissioner Butchart could not understand the suggestion of Mr. Bown. He did not see any reason why the matter should be taken to the council for ratification when the commissioners had disposed of it with full authority.

"If anyone thinks the commissioners have not the power to dismiss any employee," he said, "let him put in a test case."

Commissioner Bouillon, in referring to McKinnon's claim, stated that the commissioners could not agree with the statement of the cause of dismissal as made by McKinnon's lawyers.

Whether McKinnon will force his demand for compensation remains to be seen.

Another threatened suit is that of Stuart and McQuaid, who demand damages in connection with the recent condemnation of the concrete work on the Cecil Hotel by the assistant building inspector. Solicitor Bown will consider the claim. The demand of Mr. Sagon, for damages, owing to an accident in falling from his bicycle on the car tracks where the pavement was torn up was dismissed without consideration. A similar case was that of Mr. W. J. Donnell, of St. Albert, who wants compensation for injuries he suffered through his horse taking fright at a sudden reversal of a street car. Mr. Bown stated that there was no ground for action.

REPORT WAS BASELESS

London, July 11.—A letter published from the Archbishop of Canterbury, to the Dean of New York on July 4th, in reference to a paragraph in a New York paper reporting that King Edward died a Roman Catholic, says the

HAS A PROPOSITION FOR THAT GAS PLANT

Commissioners Will Consider It—Other Routine Business Taken Up

At yesterday afternoon's meeting of the city commissioners, Commissioner Bouillon stated that he had received a proposition from the representatives of the Allis-Chalmers Company and the Power-Manning Company in reference to the gas engine and the power plant. The commissioners will consider the matter fully tomorrow and then report to the council.

Commissioner Butchart submitted to the council the proposition of the city for the supplying of tamarac, that of W. H. Clark and Company, being accepted, it being the lowest. The amount was \$24.75 per thousand.

It was decided to grant permission to the proprietors of the building adjoining the Carruthers property, now

being built upon, to remove that portion of their building which encroaches on the Carruthers lot. This cannot be considered a structural alteration and therefore is not contrary to the building bylaw.

City Engineer Latourneau submitted the detailed plans for the east end extension of the street railways. Tenders will be called for immediately and construction begun as soon as possible.

A number of minor expenditures in connection with the exhibition were passed.

The Alberta Dental Association at a meeting yesterday elected the following officers: President, Dr. A. D. Callum, Calgary; vice-president, Dr. A. E. Jamieson, Edmonton; secretary-treasurer, Dr. H. F. Whittaker, Edmonton. Directors, Dr. H. G. Orr, Wetaskiwin; Dr. J. S. Stewart, Lethbridge. Representatives were present from Medicine Hat, Lethbridge, Calgary, Wetaskiwin, and Edmonton.
